HOW TO MEASURE

All Measurements Are in Inches and Number of Inches Is Your Size

CHEST

Measure across FULLEST part of chest, under arms, and across back. Result is your size.

SLEEVE LENGTH

Measure from center of label in collar to cuff of sleeve. Tape should go over shoulder as shown in diagram.

NECK

Be careful that tape measure is not tight enough to choke or loose enough to sag.

TROUSER WAIST

Measurement should be taken over shirt at waistline. Measure at height you normally wear trousers. Pull tape as snug as you like your trousers to feel.

TROUSER INSEAM

After adjusting trousers to position normally worn, measure inseam from crotch to top of heel of shoe.
